1. Consent			
	<p>Hello, my name is ___ and I work with the International Organization for Migration, IOM. IOM is a UN agency working on migration, which assists internally displaced people and communities in areas of return. We are conducting interviews in order to understand better the living condition of households in Iraq. This survey will help humanitarian decision-makers to build better activities to support returnees and communities in this area. Your ability to access assistance of any kind is not linked to whether or not you choose to participate in this study.</p> <p>This interview will take around 30 minutes, and your answers will remain confidential and you are free to withdraw at any moment during the survey. Your answers will be summarised together with answers of other households and will be presented in the report and shared with humanitarian decision-makers in Iraq. Do you agree to participate?</p> <p>You can contact IOM to (a) have information about the processing of your personal data by IOM, (b) access your personal data, (c) correct your personal data, (d) delete your personal data, (e) object to further processing of your personal data and/or withdraw your consent. IOM will need to verify your identity to be able to assess your request. IOM will assess whether it can comply with you request on a case-by-case basis. If a restriction is found to be applicable, you will be informed of our reasoning of this.</p>	<ul style="list-style-type: none"> <li>Yes</li> <li>No</li> </ul>	Yes to continue
