Locations

From May 2018 to August 2020, 23,457 Iraqi returnees from abroad were identified in 16 Governorates, 61 Districts and 538 locations. During this reporting period, IOM Iraq achieved full country coverage.

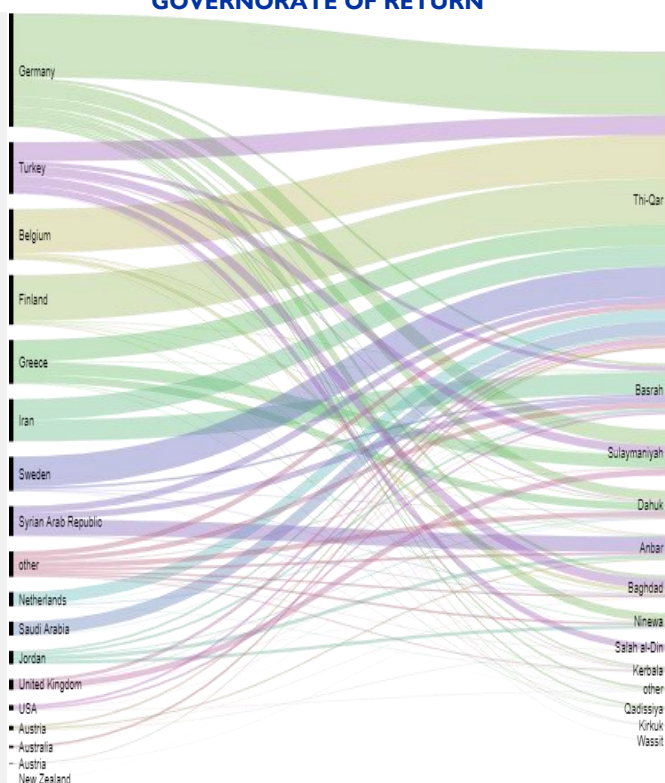

Most of the returnees from abroad were recorded in the governorates of Ninewa (63%), Thi-Qar (19%) and Anbar (7%). Of those returnees recorded in Ninewa, 65 per cent were recorded in the district of Telafar, while 26 per cent were recorded in Sinjar. In Thi-Qar, 80 per cent were recorded in the district of Nassriya, while 12 per cent were recorded in Al-Rifa'i. Finally, in Anbar, 53 per cent returned to the district of Ana while 24 per cent were in Al-Ka'im. The majority of returnees (73%) were identified as having come from two countries: Turkey (44%) and the Syrian Arab Republic (29%).

Definition: The term "Iraqi returnees from abroad", also referred to as "returnees" in this document, refers to former Iraqi migrants (including former refugees and asylum seekers) who returned to Iraq from a foreign country during the reporting period. This group does not include individuals that had previously been identified as internally displaced persons (IDPs) within Iraq.

METHODOLOGY

IOM's DTM aims to monitor displacement and provide accurate data about the IDP and returnee populations in Iraq. Data is collected through IOM's Rapid Assessment and Response Teams (RARTs) composed of over 100 staff members deployed across Iraq. Data is gathered through a well-established, large network of over 9,500 key informants, which includes community leaders, mukhtars, local authorities and security forces. It should be noted that limited access due to security issues and other operational constraints can affect information-gathering activities.

The information contained in this dashboard should not be linked to the IOM Assisted Voluntary Return and Reintegration (AVRR) operations.

This DTM dashboard is co-funded by the European Union and the US Bureau of Population, Refugees, and Migration
