1 Unless specified otherwise, camp settings include both formal camps and big informal sites.

2 In most cases, data on the number of individuals departing camps and arriving to new locations was collected. Where this could not be collected, the number was estimated based on an average household size of 6.

3 Calculations based on the Iraq CCCM Camp Master List and Population Flow, September 2020.

4 Al Shams Complex is an informal site and therefore these households are not included in the overall number of in-camp IDPs in Baghdad.
